Lawn Care

With the arrival of warmer weather, grass is growing and trees are sprouting. Please help us to keep your yard looking nice by becoming familiar with the following lawn care items.

1. Lawn cuttings will take place every seven to ten days during the spring through fall seasons, however, in drought conditions, the grass will be cut on an as needed basis. These services are provided by contractors hired by the TSCC. If you have issues or questions, do not hesitate to contact the office.
2. In order to allow the contractors to work and to prevent any possible damage to your personal property, please remove any outdoor furniture, toys, etc. from the lawn area when not in use.
3. While the TSCC staff is responsible for monitoring your contractor's work, we always appreciate your immediate report of problems and your comments on the service that is being provided. Due to the rough winter, the contractors will clean up the debris as they go, please be patient as there was a lot of debris and damage to the yards.
4. Should you decide to plant any flowers, herbs, or vegetables please clearly mark them and communicate their existence to the Corporation office. We would like to avoid any unfortunate experiences while lawn maintenance is being performed.

Lease Renewals

Don't forget to notify the Corporation, by an e-mail or letter by April 20th as to whether or not you will be renewing your lease for the upcoming year.

Tenants renewing their leases with the TSCC can expect to see leases in their mail during the week of May 20th. Remember to sign and return leases to the Corporation by June 15th.

If you have decided not to renew your lease, all keys will need to be returned to the office by June 30th.

Emergency Contact Information

Regular Maintenance Requests may be communicated to the office between 8:00 a.m.—4:30 p.m. by contacting 609-771-3312 or by e-mail: tscorp@tcnj.edu.
